- Prepare a Field Book and find the Corrected Bearings.
- Plot the Traverse on a suitable Scale & Error adjustment.
- Diagrammatic representation of the area.

## **N.B.**

- All of you will submit the assignments instead of written internal examination on 31.07.2025.
- If someone does not submit the assignments on that day, he or she will be absent.
- The guidelines for submitting assignments have been discussed in class.
- If anyone has any query would contact with those students who were present in the class.
